Loomis, CA 95650

Attention: Greg Walker, Owner

Subject: Verona Marina Launch & R.V., Public Water System No. 5100159 – Citation No. 21-17C-027 for Exceedance of the Bacteriological Maximum Contaminant Level in August 2017.

Enclosed is a citation issued to the Verona Marina Launch & R.V. (Water System). The citation is being issued because the Water System failed to achieve the drinking water standard for total coliform bacteria during the month of August 2017. Please read this citation carefully and complete all directives.

Note that Section 116577 of the California Safe Drinking Water Act provides for the Division to be reimbursed by the Water System for costs incurred for preparing and issuing a citation. In accordance with Section 116577, the Water System will be billed for the preparation and issuance of this citation.

If you have any questions please call Paul Rowe at (530) 224-4866 or contact me directly at (530) 224-4861.

19 **CITATION FOR NONCOMPLIANCE**
20 **With Title 22 California Code of Regulations**
21 **Section 64426.1(b)**
22

23 Section 116650 of the California Health and Safety Code (CHSC) authorizes the
24 issuance of a citation for failure to comply with a requirement of the California Safe
25 Drinking Water Act (CHSC, Division 104, Part 12, Chapter 4, commencing with
26 Section 116270), or any regulation, standard, permit, or order issued thereunder.
27

1 The State Water Resources Control Board (hereinafter "State Board"), acting by and
2 through its Division of Drinking Water (hereinafter "Division") and the Deputy Director
3 for the Division, hereby issues a citation to Verona Marina Launch & RV for failure to
4 comply with Section 64426.1(b), Title 22, of the California Code of Regulations
5 (CCR).

6 7 **APPLICABLE AUTHORITIES**

8 See **Attachment 'A'** for Applicable Authorities
9

10 **STATEMENT OF FACTS**

11 The Verona Marina Launch & RV, domestic water system (System) is classified as a
12 transient noncommunity water system, serving approximately 50 persons per day.
13 In accordance with Section 64423 of Title 22, of the CCR, the System is required to
14 collect one routine bacteriological sample per quarter, unless there was a positive
15 bacteriological sample the previous month, in which case, five routine bacteriological
16 samples are required. On August 3, 2017, the System collected one routine sample
17 from the distribution system, which contained total coliform bacteria. Four repeat
18 samples were collected on August 5, 2017. One of the four repeat samples showed
19 the presence of total coliform bacteria. The cause of the contamination is the well,
20 which is failing. Per Compliance Order No. 21-16R-003 (issued 5/9/2016), the
21 System has been directed to replace the well by November 2, 2017, due to similar
22 contamination events. No sample discussed herein was positive for E. coli.
23

24 **DETERMINATIONS**

25 The Division has determined that the System violated Section 64426.1(b)(2), Title
26 22, of the CCR, in that the System exceeded the total coliform MCL during the
27 month of August 2017.

1
2 **DIRECTIVES**

3 The System is hereby directed to take the following actions:

- 4
- 5 1. Until such time that the System provides a new drinking water source, the
6 System shall continue to post the attached boil water notice (**Attachment 'B'**)
7 in conspicuous locations throughout the area served by the System.
8
- 9 2. The Water System shall submit a copy of the notice and certification
10 (**Attachment 'C'**) that the boil water notice continues to be posted, to the
11 Division **no later than the tenth day of each month.**
12
13

14 All submittals required by this Order shall be addressed to:

15
16 Reese B. Crenshaw, P. E.
17 Valley District Engineer
18 Drinking Water Field Operations
19 Division of Drinking Water
20 State Water Resources Control Board
21 364 Knollcrest Drive, Suite 101
22 Redding, CA 96002
23 (530) 224-4800
24

25 Nothing in this Citation relieves the System of its obligation to meet the requirements
26 of Health and Safety Code, Division 104, Part 12, Chapter 4 (California Safe
27 Drinking Water Act), or any regulation, permit, standard or order issued or adopted
28 thereunder.

1 The Division reserves the right to make such modifications to this Citation, as it may
2 deem necessary to protect public health and safety. Such modifications may be
3 issued as amendments to this Citation and shall be effective upon issuance.

4 5 **FURTHER ENFORCEMENT ACTION**

6 The California SDWA authorizes the State Board to: issue citation with assessment
7 of administrative penalties to a public water system for violation or continued
8 violation of the requirements of the California SDWA or any permit, regulation,
9 permit or order issued or adopted thereunder including, but not limited to, failure to
10 correct a violation identified in a citation or compliance order. The California SDWA
11 also authorizes the State Board to take action to suspend or revoke a permit that
12 has been issued to a public water system if the system has violated applicable law
13 or regulations or has failed to comply with an order of the State Board; and to
14 petition the superior court to take various enforcement measures against a public
15 water system that has failed to comply with violates an order of the State Board. The
16 State Board does not waive any further enforcement action by issuance of this
17 citation.

18 19 **PARTIES BOUND**

20 This Citation shall apply to and be binding upon the System, its officers, directors,
21 agents, employees, contractors, successors, and assignees.

22 23 **SEVERABILITY**

24 The directives of this Citation are severable, and Verona Marina Launch & RV shall
25 comply with each and every provision thereof notwithstanding the effectiveness of
26 any other provision.

APPLICABLE AUTHORITIES

Section 116650 of the CHSC states in relevant part:

- (a) If the Department determines that a public water system is in violation of this chapter or any regulation, permit, standard, citation, or order issued or adopted thereunder, the department may issue a citation to the public water system. The citation shall be served upon the public water system personally or by certified mail. Service shall be deemed effective as of the date of personal service or the date of receipt of the certified mail. If a person to whom a citation is directed refuses to accept delivery of the certified mail, the date of service shall be deemed to be the date of mailing.*
- (b) Each citation shall be in writing and shall describe the nature of the violation or violations, including a reference to the statutory provision, standard, order, citation, permit, or regulation alleged to have been violated.*
- (c) A citation may specify a date for elimination or correction of the condition constituting the violation.*
- (d) A citation may include the assessment of a penalty as specified in subdivision (e).*
- (e) The department may assess a penalty in an amount not to exceed one thousand dollars (\$1,000) per day for each day that a violation occurred, and for each day that a violation continues to occur. A separate penalty may be assessed for each violation.*

Section 64426.1(b), Title 22, of the CCR states in relevant part:

(b) A public water system is in violation of the total coliform maximum contaminant level (MCL) when any of the following occurs:

- (1) For a public water system which collects at least 40 samples per month, more than 5.0 percent of the samples collected during any month are total coliform-positive; or*
- (2) For a public water system which collects fewer than 40 samples per month, more than one sample collected during any month is total coliform-positive; or*
- (3) Any repeat sample is fecal coliform-positive or E. coli-positive;*
or,
- (4) Any repeat sample following a fecal coliform-positive or E. coli-positive routine sample is total coliform-positive.*

BOIL WATER NOTICE

Este informe contiene información muy importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

BOIL YOUR WATER BEFORE USING

Failure to follow this advisory could result in stomach or intestinal illness.

Due to a recent discovery of significant defects in the water supply well and the detection of total coliform bacteria in the drinking water supply, the State Water Resources Control Board, Division of Drinking Water in conjunction with the Verona Marina Launch & RV Water System are advising customers to use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution.

DO NOT DRINK THE WATER WITHOUT BOILING IT FIRST. Bring all water to a boil, **let it boil for one (1) minute**, and let it cool before using, or use bottled water. Boiled or bottled water should be used for drinking and food preparation **until further notice**. Boiling kills bacteria and other organisms in the water.

We will inform you when tests show that water is safe to drink and you no longer need to boil your water. The problem will be resolved when a new well has been drilled and approved for use. The estimated time of completion is three months from now.

For more information call:

Water Utility contact: John Myers, Campground Manager, 916-927-8387.

State Water Resources Control Board – Drinking Water Field Operations Branch- Valley District Office at 530-224-4800.

CERTIFICATION OF COMPLETION OF PUBLIC NOTIFICATION

This form, when completed and returned to the Division of Drinking Water (364 Knollcrest Drive, Suite 101, Redding, CA 96002 or fax to 530-224-4844), serves as certification that public notification to water users was completed as required by the California Water Quality and Monitoring Regulations. Completing public notification and providing the Division with certification is important. Failure to do so will result in additional hourly time charges to your water utility and may result in a formal enforcement action with monetary penalties.
